Introduction

Please use/edit the following wording to communicate the planned Natural HR system downtime to your employees.

Please note, we will be notifying your employees through our system in the lead up to the system downtime. Users trying to access the system during the downtime will also be notified.

Example communication

Dear colleagues,

Please be aware of upcoming scheduled downtime of your HR software.

This downtime will take place over the second weekend of October. This means between between 6pm on Friday 13 October and 5am on Monday 16 October, your Natural HR software will not be available.

This work has been scheduled over a weekend to minimise disruption. Should you try to access this system during this time you won't be able to log in.

Many thanks,
